

Student's School Schedule

Please use the columns below to indicate which days of the week they will be attending the program (M, T, W, Th, F)

In detail, explain their hourly academic schedule given by their school/teacher. This will help us develop a daily schedule for them. We will make sure they are logged onto their device at the given time in our classroom setting. An academic aid will be in the room with them to help with questions.

Day of the week:	Day of the week:	Day of the week:

Children enrolled in the program must bring all the materials needed to complete their daily academics (writing utensils, paper, learning materials, headphones, etc).

This includes electronic devices such as a laptop, iPad, or tablet for education use only.

We also ask the children to bring a book, or extra educational material for free time if they are finished with their work early

Please make sure all materials and electronics are marked with the child's name. We will be keeping each backpack in a separate room for when they are not doing their schoolwork.

Backpacks will be checked-in in the morning and checked-out in the evening

Cell Phones are not allowed at the program. If a parent/guardian needs to get a hold of their child, they can call the front desk (860) 871-8800.
